

Best™ Integrated Brachytherapy Solutions

More than 60 years have gone into making Brachytherapy more precise, with very few side effects or complications, and excellent clinical outcomes in the treatment of localized cancers.

TeamBest manufactures and provides comprehensive medical devices and accessories needed for a fully integrated Brachytherapy program including: providing assistance setting up, licensing, procurement of equipment, proctoring, reimbursement consulting, patient education and marketing.

In addition, TeamBest can make Brachytherapy treatment more affordable by charging per procedure!

Our Brachytherapy products are manufactured with pride in the USA – providing everything you need from One World • One Source • The Best!

- Ultrasound Systems
- HDR Afterloaders/Accessories
- LDR/HDR Treatment Planning Systems

Best™ Fiducial Marker Kits

Best Medical's Gold Fiducial Markers are available in a variety of diameters and lengths to meet your needs for soft tissue localization such as prostate, liver, pancreas, lung, and breast.

- Best™ Gold Fiducial Markers are available in tissue-absorbable strands
- Standard strand consists of two markers at 2 cm apart center to center
- Special marker strands with custom spacing are also available
- Excellent visualization under X-ray, Fluoro, CT, MRI, Ultrasound and other imaging modalities
- Sold individually, stranded, and in pre-loaded, pre-sterilized needle sets
- Can be used for Brachytherapy, IMRT and IGRT

Best™ Brachytherapy Kit

5 Implant Needles

5 Stylets with Hubs

5 Friction Cuffs

5 Half Moon Buttons*

5 Red Caps

5 Single Leader Catheters**

* Half Moon Buttons are available in radiopaque (pictured) or clear nylon.

** Catheter tubes are available in 4 colors (clear, blue, green or purple) with either radiopaque or clear nylon buttons.

Best™ Multi-Channel Vaginal Applicator

This novel HDR applicator consists of a disposable central insert and an outer sleeve along with a positioning collar. Source channels in the central insert travel fully to the distal end to allow for optimum dose delivery.

Additionally, the outer sleeve provides a 5 mm wall, to reduce dose to the vaginal mucosa, with a 2 mm wall at the distal end of the applicator to allow for greater dose delivery. The applicator is 18 cm in length with diameters ranging from 2.0 cm to 3.5 cm.

Best™ Brachytherapy Templates

Best Medical offers a wide variety of disposable templates for HDR and LDR applications. Specify hole size when ordering (15, 16 or 17 gauge). These products should be carefully inspected by your staff prior to clinical use and should be used by authorized personnel only.
