

# Best™ *medical international*

Ultrasound Imaging Systems, Portable Ultrasound Systems, BG-75 Biomarker Generators, Mobile Digital X-ray Systems, Iodine-125 Seeds for Breast Localization...and much more!

## Best™ Sonalis™ Ultrasound Imaging System

The Best™ Sonalis™ Ultrasound Imaging System provides superior visualization of HDR, LDR, RF or Cryosurgical procedures. Our patented SimuView™ Technology provides simultaneous “live” views of the prostate in both planes, thereby increasing treatment accuracy & precision.

- Simultaneous imaging of transverse & sagittal planes
- Longitudinal array provides for 140 mm length of view, encompassing the bladder, prostate & perineum
- Totally sealed, self-healing antimicrobial keyboard with SensoFoil™ Technology
- PC Based System provides a platform for future upgrades & application-specific modules

## Best™ Sonalis™ PORTABLE Ultrasound System

- Power of a large Ultrasound in a small form factor
- Lightweight for ease of transportation
- Can be detached from stand to carry from one location to another
- Small form factor with large screen for easy visualization
- Totally sealed, antibacterial keyboard with SensoFoil™ Technology
- Support for multiple ultrasound probes
- B-Mode and Doppler Imaging
- DICOM compatibility

## Best™ ABT Molecular Imaging Dose On Demand™ BG-75 Biomarker Generator

The BG-75 Biomarker Generator is a revolutionary development in radio-pharmaceutical production that delivers a single or batch dose of 18F-FDG, and additional advanced 18F biomarkers on demand. The system provides integration of all components needed to produce and qualify PET biomarkers into a single, self-contained system that occupies a fraction of the space required by conventional solutions, simplifying the implementation of PET.

## Huestis Medical MX40 Mobile Digital X-ray System

With the MX40's compact state-of-the-art design and powerful 50 kW generator, users can obtain clearer images quickly and easily.

- Compatible with multiple flat-panel detectors (FPD), WiFi connection to PACS, and easy image transfers
- Only 10 seconds start-up time, fast image processing with a 21.5 inch capacitive screen
- Take exposures using either AC power or Lithium battery; longer-life Lithium battery for users' peace of mind

## Best™ Iodine-125 Seeds for Breast Localization

- Best Medical makes custom seeds and strands to your exact specifications — any source, any configuration, any time!
- Best visualization in ultrasound, fluoro, X-ray, CT and MRI
